For each serving:

1 potato, baked, peeled and grated

2T butter

Heat butter in skillet over medium heat. Once butter is melted and sizzling, throw in grated potatoes. Don't pile 'em too thick (1/2 inch or so). Salt and pepper top layer. Cook for approximately 8 minutes (undisturbed) or until golden. Flip potatoes and cook for an additional 5 minutes (undisturbed) or until golden. Salt and pepper generously. Serve with fried eggs and bacon.
