

## Candy Cornucopia

The selling points to a candy cornucopia:

- It's easy. So you can spend your time/energy on the all-important Thanksgiving feast.
- It's colorful. Which livens up your table.
- It's versatile. Substitute the Runts candy with Trix cereal or gummy fruit snacks if you prefer.
- It's fun. Kids will love snacking on it while waiting for the feast to begin...
- ...which brings me to my last point: it's edible! Did you expect anything less from me? Haha!

Happy Thanksgiving!!
