

## Hawaiian Sunrise

3/4 c pineapple juice

1 1/2 c pineapple sherbet

3 T cream of coconut

5 strawberries

2 t grenadine syrup

Blend pineapple juice, sherbet, and cream of coconut until smooth. Pour out half into separate container. Set aside. Add strawberries and syrup to remaining mixture. Blend until smooth again. With the first container in one hand and the second mixture in the other, pour from opposite sides at the same time into glass. Colors should blend together in the middle of the glass, creating a sunrise effect.
